- Handling the PI of persons inside of China's borders while outside of China if (at least one of) the following:
  - Purpose is to provide goods/services to persons in China
  - Analyzing or assessing activities of persons in China
  - Other circumstances provided in laws or administrative regulations

# Personal Information

### What is PI?

All kinds of information, recorded by electronic or other means related to identified or identifiable natural persons, *not including* information after anonymization...

### **Personal Information Handling**

includes PI collection, storage, use, processing, transmission, provision, disclosure, deletion, etc.

# Principles of PIPL

### • Legality

- Propriety
- Necessity
- Sincerity
- Openness & transparency
- Responsibility
- Quality/Correctness
- Prohibited to handle PI in ways that are:
  - Misleading
  - Swindling
  - Coercive

- Order Correction
- Confiscate unlawful income
- Order suspension of service
- Compensation in the amount of loss to the individual or gain to the company
- May result in criminal liability

# Enforcement Powers Part 2

Sixfifty

- Uncorrected Violations

  - A fine of 10,000-100,000 Yuan for responsible personnel
- Grave Violations
  - Fine up to 50 million Yuan or
  - Up to 5% of annual revenue
  - Fine of 100,000-1 million Yuan for responsible personnel & prohibition on holding high positions

# Data Minimization

### PI Handling Must Have:

- Clear & reasonable purpose
- Directly related to handling purpose
  - Collection limited to smallest scope for realizing purpose
  - Excessive PI collection prohibited
- Use method with smallest influence on individual rights & interests

### Must Have Legal Basis for Handling

- Individual Consent
- Necessary to fulfill a contract where individual is an interested party
- Necessary for human resources management
- Fulfill statutory duties/obligations
- Respond to public health incidents or protect person's lives, health, or property in emergencies
- News reporting, public opinion supervision, & other public interest activities
- Already disclosed by the individual or otherwise lawfully & reasonable in scope
- Other circumstances as provided by law

### Consent

- Given knowingly with full information
- Voluntary
- Explicit
- Must be re-obtained if the purpose, method, or categories of PI change
- Individuals have the right to rescind
- Companies must provide convenient process for rescission
- Can't refuse services if individual refuses consent UNLESS handling of PI is necessary to providing the service

## Notice

  - Protection measures
  - Rights & duties of both parties
  - Supervision of EP
  - EP cannot handle in ways/for purposes not specifically allowed in the agreement
  - EP must get consent to further entrust (i.e. get a subprocessor)

### **Automated Decision-making (ADM)**

- Guarantee transparency, fairness, & justice
- No unreasonable differential treatment in things like price
- If conducting push delivery or commercial sales, must simultaneously give option
  - Not to target an individual's characteristics or
  - Give a convenient method to refuse
- If ADM has significant impact on rights & interests:
  - Right to require handler to explain
  - Right to refuse decisions made by solely automated means

### Identity Recognition

Image collection/recognition equipment in public venues may be used for public safety, with clear signage.

- Images used only for public security
- Must obtain individual consent to use for any other purpose

# Publicly Disclosed

- May handle PI already disclosed by the individual
- May handle PI otherwise lawfully disclosed
- If there is a major influence on rights/ interests, handlers should still get consent
- Even if no major influence, handlers must stop handling if individual clearly refuses

# **Sensitive Information**

- PI that if leaked/used illegally could easily cause harm to dignity of persons or to the security of their person or property.
- Can only handle for a specific purpose with strict protection measures
