EMPLOYEE POLICY ASSESSMENT

Which policies your business needs depends on a number of factors. In which states do you have employees? How many employees do you have? What kind of work do your employees do? We know what's required in every state. Take a simple assessment to see what policies are required and what policies are optional.

ANNUAL UPDATES ARE NO LONGER ENOUGH

One of the biggest challenges that businesses face is keeping their policies up to date. Since COVID-19, employment laws have been changing faster than ever, and it's no longer sufficient to update your policies and handbook annually. We update every policy monthly to ensure your policies are current.

NEVER OUT OF DATE

SixFifty monitors changes in the law and notifies you by email and within our platform. We'll tell you what's changed, and we make it easy to regenerate the affected policy.
